

Directions to Bethlehem Farm from the East:

Please arrive at the Farm between 6:30pm and 7:00pm Eastern time having already eaten your evening meal. Earlier arrivals should wait, since we are not ready for guests until 6:30pm. If you will be arriving later than 7:00pm due to unforeseen delays, then please call us ahead of time to let us know (**304-445-7143**). Later arrivals will make for a very late night for all of us (after tours, orientation, prayer, and the leader meeting), so please do your best to arrive on time. Thanks!

Get on I-64 W

Please call us when you pass Lewisburg, so that we know when to expect you. Drive safely and be well. **304-445-7143**

Take the WV-12 exit- EXIT 161- toward ALTA turning left on WV-12 S

After about 12 miles on WV-12, you will enter the town of Alderson, stay on 12 through Alderson
Less than one mile after *leaving* Alderson, you will enter Summers County (pass by Big Branch Rd, Eagle Branch Rd, and Falling Branch Rd)
Less than one mile after entering Summers County, you will

turn right on EAST CLAYTON RD

(East Clayton Rd is less than 100 yards past Falling Branch and is hidden behind a cliff, so let off the gas once you pass Falling Branch Rd)

Follow East Clayton Rd for about 4.3 miles until you see **the sign for Bethlehem Farm on the left at the foot of our gravel driveway.** (on Clayton Rd, you will pass Griffith's Ck Rd (bearing left at the fork), go up a long, windy hill, cross a long straightaway (past Top of the Hill Farm, Way Back Farm and the Lester Farm,) head back down hill past Pine Grove Farm, bearing left at the fork (the road is now called West Clayton Rd), and past a sign for Clayton Baptist Church before coming to our driveway. Our driveway is on the left, ½ mile past the sign for the Clayton Baptist Church, right at the intersection with Kirby Mtn Rd. Kirby Mntn. Rd. will be 90 degrees to your left and our driveway will be just a gentle veer to the left. Clayton Rd actually bends to the right at this point, so you are practically just going straight to get onto our driveway.

Since Clayton Road *feels* a lot longer than 4.3 miles due to the slow speed and curvy nature of the road, it may be best to set your trip odometer to zero at the beginning of Clayton Road, so you know that our driveway should be right at 4.3 miles.

Follow driveway for a ½ mile, waving to our neighbor's cows as you pass by. Pull up to the log home, turn off your engines and get hugged.

We are about 30 minutes from I-64, depending on conditions.

If you use maps.google.com and ask for directions to "Bethlehem Farm, Clayton, WV", then it should show you these directions on the map.
