Bethlehem Farm Green Neighbors Solar Application

Dear Applicant,

Bethlehem Farm Green Neighbors Project mission is to enable our local community to more affordably employ sustainable practices for Summers, Monroe, and Greenbrier County residents. Thank you for your interest in our program. Bethlehem Farm works on the following principles for qualified applicants:

1. Bethlehem Farm expects recipients of services to pay for the cost of materials and installation. A no-interest loan for project cost will be arranged and paid back monthly. Starting 2019, our policy is that a down payment equal to the first and last monthly payment, which is calculated from the average of the homeowners last 12 electric bills, before the work can begin.
2. Bethlehem Farm Green Neighbors Project works with low-income to moderate-income individuals and families.
3. Bethlehem Farm expects the approved applicant's family to fully participate in the process of the energy audit, weatherization, and renewable energy practices & education. We exist to help people help themselves, and feel that the best way to do this is by working together.
4. Bethlehem Farm will provide a detailed invoice and payment agreement at the completion of the project.

In the initial segment of a project, Bethlehem Farm will conduct the energy audit and weatherization process. The solar energy system installation will be conducted by an independent contractor.

Please complete the application and return it to the address above.

A representative of Bethlehem Farm will evaluate your project in person before a final decision is made about your application.

Thank you,
The Bethlehem Farm Community

Bethlehem Farm is a Catholic community in Appalachia that transforms lives through service with the local community and the teaching of sustainable practices. We invite volunteers to join us in living the Gospel cornerstones of service, prayer, simplicity, and community.
